

DESCRIPTION

Skybrite is formulated specifically to remove greasy, carbon-based soils, including "Skydrol" residues, from aircraft surfaces. **Skybrite** is an approved water-based cleaner that contains no petroleum solvents or thinners that would violate Rule 66 Codes or sewer discharge standards.

FEATURES & BENEFITS

safe on painted surfaces • approved aircraft cleaner • In accordance with AMS 1534

DIRECTIONS

Skybrite is best used at 6.5 to 25.5 oz per gallon of water (50 to 200 ml/litre) (1:20 to 1:4), either by low pressure spray or foam-on application. For best results, apply **Skybrite** solutions uniformly to the aircraft surface and allow 5 to 15 minutes contact time before rinsing. Heavy oil or grease deposits may need additional scrubbing and/or a stronger concentration of product.

FIRST AID

Eyes & Skin: If eye or skin contact occurs, immediately flush with plenty of water for at least 15 minutes. Call a physician. **Inhalation:** Remove to fresh air. Call a physician. **Ingestion:** If swallowed, promptly give plenty of water or milk. Do not induce vomiting. Call a physician.

For further information, please review the **Safety Data Sheet (SDS)** and **Product Label**.

STORAGE & HANDLING

Keep from freezing. Store upright in original closed container at room temperature away from children. Do not mix with any other chemicals.

PHYSICAL DATA

Package: 18.9L pails & 208L drums

Appearance: clear liquid

Colour: blue

Foam: moderate

Odour: slight solvent

pH: 10.0-11.0
