

DESCRIPTION

Max Booster is an additive designed to assist laundry detergent to break down heavy soils during a pre-wash or main wash cycle. **Max Booster** is designed with a balanced blend of activating agents in liquid form for immediate dispersal throughout the wash load. The water conditioning agents in **Max Booster** enhance our laundry detergent's cleaning capability for exceptional results in hard water areas. **Max Booster** should be used along with the regular amount of detergent for each load.

FEATURES & BENEFITS

Canadian Food Inspection Agency (CFIA) approved • high alkalinity • retains tensile strength • for hard water conditions

DIRECTIONS

Max Booster is designed to be dispensed directly from the shipping container by your liquid laundry injection system. When **Max Booster** is used, be sure laundered material is adequately rinsed with potable water.

FIRST AID

Eyes & Skin: If eye or skin contact occurs, immediately flush with plenty of water for at least 15 minutes. Call a physician. **Inhalation:** Remove to fresh air. Call a physician. **Ingestion:** If swallowed, promptly give plenty of water or milk. Do not induce vomiting. Call a physician.

For further information, please review the **Safety Data Sheet (SDS)** and **Product Label**.

STORAGE & HANDLING

Keep from freezing. Store upright in original closed container at room temperature away from children. Do not mix with any other chemicals.

Do not store in aluminum, copper, copper alloys and galvanized containers.

PHYSICAL DATA

Package: 18.9L pails
& 55L kegs

Appearance: liquid

Colour: red

Foam: none

Odour: odourless

pH: 13.0-14.0
