

LAUNDRY CARE

Citricon

Heavy duty laundry detergent · Concentrated

CITRICON is a heavy duty, highly alkaline liquid detergent containing a blend of surfactants and solvents. CITRICON is formulated with d-limonene and glycols which give the penetration and solubilization required to remove high concentrations of oils and grease, it also has optical brightener which makes clothing look whiter, brighter and cleaner. CITRICON is designed for industrial and commercial soils that appear on table linens, coveralls, and shop towels. CITRICON can also be used as a fabric pre-spotter.

- Contains d-limonene
- Contains optical brightener
- Can be used as pre-spotter
- Highly alkaline

APPLICATIONS

Commercial Laundry Dilution System:
 Industrial Laundry
 Spa Laundry
 Restaurant Laundry

PROMAX®

DIRECTIONS

CITRICON can be dispensed directly from the shipping container by your liquid laundry injection system. Consult your Project Clean Customer Experience Representative for specific feeding recommendations to meet your particular needs.

Pre-Spotting: If pre-spotting is required, apply CITRICON directly to the soiled areas and launder as usual.

STORAGE

Keep from freezing. Store upright in closed container at room temperature away from children. Do not mix with any other chemicals.

SAFE HANDLING

Before usage, ensure employees read and understand the product labels and Safety Data Sheet. Directions for use can be found on the label and the TDS. Employees can find hazard warnings, precautionary statements and first aid procedures on the SDS sheets. SDS are available online at projectclean.com or by calling 1-800-663-9925. Improper use may result in damage or injury.
