

## KITCHEN CARE

# Max Pro San

12% bleach solution • Highly concentrated

MAX PRO SAN is a highly concentrated, bleach solution designed to be automatically dispensed into the rinse cycle of low temp dishwashing machines and certain types of bar glass washers.

- Automatically dispensed concentrated product
- Can be used as a third sink sanitizer
- Chlorinated
- Sanitizes food contact surfaces

## APPLICATIONS

Glassware  
Silverware  
Dishware

Cookware  
Appliances  
Pots & Pans

## TECHNICAL DATA

**Appearance:** clear liquid

**Colour:** yellow

**Foam:** none

**Odour:** mild, indistinct chlorine odour

**pH:** alkaline

### Packaging size

4 x 3.78 L  
18.9L

### Packaging codes

1100324-4cs  
1100324-18.9

# PROMAX®

## DIRECTIONS

**Low temp warewashing machine:** Automatically dispensed through machine injection system at required concentrations to meet the available chlorine requirements of the local health regulation. Do not use in water temperature that's above 65°C (150°F).

**Sanitizing food contact surface:**

**For non-porous surface (200 ppm chlorine solution):** Add 2 ml per litre of water (0.26 oz/gallon)(1:500).

**For porous surface (800 ppm chlorine solution):** Add 7 ml per litre of water (0.9 oz /gallon)(1:140).

**For Dish Machine Sanitizing rinse:** 50-100ppm chlorine solution. Ensure surfaces are cleaned (i.e. organic matter and debris are removed) prior to sanitizing. A suitable concentration/ppm testing method must be available and used regularly to ensure correct sanitizer levels. Sanitized surface must be air-dried.

**NOTE:** *Do not mix with acid products.*

**FOR USE IN FOOD PLANTS:** Avoid contamination of food in the application and storage of this product. Food contact surfaces are to be rinsed with potable water following treatment with this product. Do not add directly to food.

### Application:

For non-porous surface                      1:500  
(200ppm chlorine solution)

For porous surface                              1:140  
(800ppm chlorine solution)

---

## STORAGE

Store in corrosive resistant container with a resistant inner liner Keep only in original container. Store locked up. Store in a dry, cool, well-ventilated place.

## SAFE HANDLING

Before usage, ensure employees read and understand the product labels and Safety Data Sheet. Directions for use can be found on the label and the TDS. Employees can find hazard warnings, precautionary statements and first aid procedures on the SDS sheets. SDS are available online at [projectclean.com](http://projectclean.com) or by calling 1-800-663-9925. Improper use may result in damage or injury.
