

CARPET CARE

Blast

Carpet & upholstery emulsifier • Low-foaming extraction cleaner

BLAST is an ECOLOGO® certified concentrated, low foaming liquid emulsifier for use in carpet extraction cleaning, bonnet buffing, carpet spotting and as a traffic lane cleaner. BLAST is designed to rapidly penetrate and dissolve soils and salts, producing superior cleaning results. BLAST excels in all commercial facilities and offices while producing little odour. Its moderate pH makes it safe on all commercial carpets and is also Stain Resist compliant.

- Highly concentrated
- Low odour
- Non-toxic
- ECOLOGO® Certified
- Safe for all types of synthetic fabrics
- Stain resist compliant

APPLICATIONS

- Hallways
- Common areas
- Walk off mats
- High traffic areas
- Spotting

TECHNICAL DATA

- Appearance:** clear liquid
- Colour:** colourless
- Foam:** low
- Odour:** no added fragrance
- pH:** 10.0

Packaging size
18.9L pail

Packaging codes
1300139-4cs

DIRECTIONS

Preparation: Vacuum carpet thoroughly before beginning cleaning process. Pretreat spots as needed.

Pre-spray all heavily soiled traffic lanes and brush in. Apply ready-to-use solution at the rate of 400 square feet per RTU gallon (10 square meters per RTU litre). Use a coarse spray and avoid over spraying onto surfaces not being cleaned. Allow a 5-10 minute dwell time. Do not allow carpet to dry. Extract with clean water and accelerate drying with airmovers as needed.

Carpet Extraction and Bonnet Cleaning: Dilute 150 ml of BLAST per 18.9 litres of cold water (5 oz/5 gal) (1:128).

Traffic Lane Cleaning: Dilute 120 ml of BLAST per 3.78 litres of cold water (4 oz/ 1 gal) (1:32).

Carpet Spotting: Dilute 60 ml of BLAST per 946 ml of cold water (2 oz/ 1 quart) (1:16). Agitation may speed up cleaning action. Pick up solution with an extractor, wet dry vacuum or a damp cloth.

CAUTION: Before application, pretest for colorfastness in an inconspicuous area. Dilution may vary depending on soil conditions. Do not walk barefoot on wet carpet.

Application:

Carpet extraction and bonnet cleaning 1:128

Traffic lane cleaning 1:32

Carpet spotting 1:16

STORAGE

Keep from freezing. Store upright in closed container at room temperature away from children. Do not mix with any other chemicals. Store in dry, cool, well-ventilated area.

SAFE HANDLING

Before usage, ensure employees read and understand the product labels and Safety Data Sheet. Directions for use can be found on the label and the TDS. Employees can find hazard warnings, precautionary statements and first aid procedures on the SDS sheets. SDS are available online at projectclean.com or by calling 1-800-663-9925. Improper use may result in damage or injury.
